Nutrition needed service: Apart from sunetha s health kaveri health condition also improved. 4 Children are showing under weight and we are on the job providing a special menu to make the balance. The names are Shirisha, Swapna, Sanjana, Sujatha.

Health camps: General health camp, Gynecological classes, Menstrual hygiene and first aid training is given by Dr. G. Mohand team from Gandhi Medical college on 2.6.2019 ,Dr.Ashok Kumar form Wockhard on 29.6.2019 , Dr.Madhuri from Addagutta Government Hospital, R. Madhuri MD on 26.6.2019, Dr. Sridhar Medicare Hospital on 2.10.2019 to all children.

Eye Camp was conducted on 02.10.2019 by UIEHCC (Uppal Industrial employee's health care center which is a group of union working on health) by Dr. Shiva and team detected and recommended for two spectacles for two children 1. Muskan 9th class 2. Anitha 10th class. Spectacles which were provided to them.

Dental camp was conducted on 17.8.2019 by Clove Dental Hospital Dr.Radhika and her team members. Problems identified 2 children need tooth extraction, scaling were done by 4 children. However we noticed that children eat lots of chocolates given by their parent's visitor's guardians in spite of suggesting them to avoid. Because of these reasons children develop tooth decay. We are trying to make sure they do brushing two times in a day.

Life skills

Extracurricular Activities

Sports:

L. Manisha 8th standard is learning horse riding, continuing the same in the summer and she got certificate of appreciation from Anuradha, E.D, Rainbow homes on 29th March 2019 in network annual celebrations.

S. Saraswathi 10th standard passed this year with 8.0 grade learns Yoga and got certificate at the district level. She got NCC certificate also.

A.Swarna7th class is good in chess and won shieldat state level competitions. We encouraged and senther to coaching.

Art & Craft:

Traven 10th passed and is good at paper cutting, learnt to prepare cups, wall hangings, hand bands.

Parvathi 7th class is good in making greeting cards.

Radhika 7th class is good in drawing.

Sandhya and rest of her 2 sisters from sister's committee have learnt to do paper cuttings and display them well.

Devika 5th class is learning drawing. We have encouraged her to draw animals, birds, and flowers and she is showing expertise in it.

Radhika, *Devika*, *Suneeta*, *Vasanta*, *Pooja*, *Parvathi*, got talent in dancing and performed at school and District level. Children have participated on 14th November children's day cultural event, in *Ravindra Bharathi*, a prominent Governmental platform. On the eve of International Women's day on March 8th children went to *Ambedkar Open University* to take part in their cultural Program on their invitation.

Children's Participation and leadership: Children are the main force and source of running the home. The home is run by involving in many programs and activities. Children plan home activities during their Balasabha and take lead to conduct program through Committees, Clubs which not only provide organizational abilities to the children and also give leadership skills.

Celebration and festivals:

The festivals that are celebrated, 1). Christmas 2). Sankranti 14th January, 3). The Republic day 26th January, 4) Swami Vivekananda Birth day celebrated as national Youth Day- 12 January 5) *Mahashivarathri*, March 4th 6). the Holi, 21st March 7). Telugu people's new year, Ugadi - April 6th , 8). Ambedkar Jayanthi April 14th, 9) summer camp closing ceremony 9th, May. On religious festivals, we follow the rituals, dress up in the attire and relish the dish of the occasion and explain the mythology of that festivals and the message it gives out.

During national festivals, we follow the procedures like hoisting the national flag or listen to the life history of the national leader and conduct competitions like elocutions, quizzes on their life history and contributions.

Engagement with families: A Parents meeting was conducted on 10th May. 68 parents have attended making it a 75% attendance. Children's issues with Parents were discussed like issues of Entitlements, child marriage, higher education, and continuation of education, health care of children.

Older Girls-Futures program: On February 24th meeting on entitlements took place, facilitated by Ms. Anuradha, Executive Director, Rainbow Foundation India that discussed the entitlements for the children, issues related to the entitlements, which is linked to their career and higher education was very eye opening to our children. We often think that when we are suffering with some problem or in trouble, we are the only ones who are suffering but of late realized that we are travelling in the same boat with rest of the children. Of late, we realized that procuring of certificates needs a big advocacy initiative and energies of Young adults also need to be harnessed in this mighty effort. At the end, from each home, three children were selected as leaders and tasked with collecting the data of children, filling in the prescribed form. From our home, they are Supriya, Roja and Sailaja. Several preparatory meetings on this subject were conducted, which we attended and got good idea on this subject.

Outings

1) On 24.11.2018, 3 girls went to New Delhi on the occasion of All India sports competitions meant for children of Child Care Institutions (CCI) 2) Witnessing movie on 28.12.2018 3). Visit to

10 in Residential Special Training Course. She was enrolled in the 5th class. From then she is become active. She has special multiple

talents. She takes care of education for small children, art craft; she prepares material with waste paper. She is selected for the National level competition in this area conducted by Women and Child Development department Government of India. She was selected out of thousand children competing from the state of Telangana. **She passed with 9.5** in Inter second year, B.P.C. She wrote EAMCET, & NEET, pretests for enrollment into medical field at under graduation level.

Challenges: B. Vishwana 10th passed. She gave a lot of trouble to the staff. She has no parents. She many times left without informing us to her relatives. She refused to go to school in 9th class. We called her relatives and counseled her. Her parents have a house, so the relatives want her to get marry to their sons and possess the house. After a lot of efforts, the girl passed 10th. Now we want enroll her into vocational course.

Health **Emergencies:** Harika 11 years old, developed fits as she was nervous about her family. She has a single mother. She went for holidays; there she did not get proper attention. She got a high fever and was not treated well by her mother. She came back to home. She got fits when she came to home. We admitted her in the Gandhi hospital.

Second day she developed fits and her health condition became serious. The doctors said it's a serious situation, and said she may go into Coma. The doctors were met personally by our team and requested to provide acute care. We bought medicines and gave utmost attention and care. At last we breathed a sigh of relief that She survived.

Now she is fine. Now she is in the 4th class. She is still under medication and observation.
