1. Introduction to Sannihita

Sannihita is a Non-Profit organization and a women headed autonomous organization. Sannihita Center for Women & Girl Children Society was established in the year 2000. We have worked with urban poor women, on issues of gender discrimination, poverty-violence, displacement, shelter, street food and housing rights.

Vision:

Creating and developing a peaceful platform which ensures peace to the world, nation and to an individual irrespective of their caste, creed, religion and gender. Every individual must be able to exercise complete freedom and must enjoy pride & privilege of food, health and shelter. Make a society of children with the world of joy, by ensuring a violence free society transforming into a good nation and eventually to a good world.

Mission:

- To create and enrich platforms by identifying the required various resources.
- To extend a legal aid to the identified groups of deprived women and children in unorganized sectors.
- To create a harmonious life space for women, children and vulnerable communities.

Aims & Objectives:

- To support poor women and girls
- To increase awareness and means of combating violence and discrimination against women and girls in the society.
- To facilitate Technical Training for adolescent girl children in various trades and professions
- To provide information about livelihood opportunities and educational programs for poor women and children
- Focused approach to initiate programs on women's right to shelter housing
- To enable the community to gain access to health care, education, information, legal aid, campaign and activities towards gender based issues.
- To help women & children explore and develop their creativity
- Conduct/ participate in community-based research and advocacy based studies on relevant issues
- Advocacy towards public policy and peoples centered.

Our History:

- Worked on issues of women's rights, gender equality, self-help groups, poverty, homelessness, street children, girl child education, housing rights and campaigning against violence on women and girl children. Conducted studies on dalith, minority and reproductive rights of women. Also conducted studies on street vendors.
- From 2000 to 2003, we have provided free basti counseling centers, basti panchayats and free legal aid and counseling for women.

- From 2000 to 2003, we have conducted surveys on the homelessness
- From 2007 to 2009, worked with Sarva Siksha Abhiyan on Non-Residential Bridge Course (special training centers). We have run 6 N-RSTC (Non- Residential Special Training Center).
- In the year 2009 to 2012, we got permission from the state education department and Sarva Siksha Abhiyan and implemented RSTC scheme within the schools
- From 2009 to 2013, we have conducted studies on the street food and organized State & National street food festival. Sannihita is the first organization to work with women street food vendors and conducted street food festival at National level.

Activities:

2000:

- Provided counseling centers for the adolescent children in five basthies on livelihood.

2001 to 2007:

- Counseled women on domestic violence issues. Around 2000 women were covered.
- Conducted surveys and studies on homelessness in Hyderabad district. Covered around 50,000 people in this survey.
- Conducted studies on poverty, women's reproductive health, livelihood, adult literacy, self-help groups, rehabilitation policy and housing rights issues.
- Participated and conducted National level workshops on shelter and housing rights issues (Worked with organizations like National Housing Rights Movement).
- Done advocacy for women's housing rights and shelter needs.
- Conducted and organized women's rights campaigns on Violence against women, in united Andhra Pradesh.

2003 to 2009:

- Conducted, coordinated and promoted the Sixteen days of activism program, through the network of AMAN Domestic violence group. It is a state, national and international wide program.

2007:

- Started working on street children's education and shelter programs.
- Conducted NRBC'S (Non – Residential Bridge Course) with the help of SSA (Sarva Shiksha Abhiyan)

2009 to 2022:

- We have started homes for orphans, semi-orphans, homeless children and distress children especially for girls in 2009 and for boys in 2012 in government schools to give the access to the right to shelter, food, and education, health to ensure protection and emotional care to the children. We have raised around 600 children. Our other activities are providing security to the children, mainstreaming them to the schools, KGBV'S and Gurukuls, conducting health camps, taking children for the outings etc.

2022:

- We have established ‘‘Sannihita Shelter for Patient’s Attendants’’ in Government Maternity Hospital, Koti as we proceeding towards the women health issues.
- We have been campaigning on POSCH Committees and women rights.

2. Sannihita Homes

We are presently running three Girls homes and one Boys home with around 350 children, who are from vulnerable communities from the age group of 7 years to 18 years. We also help our elder children as per their actions and aspirations. We are in the mission of providing these children shelter, food, education, health care and Protection.

We encourage these children to take shelter in the running government schools where there is no strength of children but have rooms that can accommodate children. We motivate our children to get disciplined to go to school. We provide various kinds of skills to make them empowered. We facilitate mentoring. We expose these children to various social issues like gender equality, environment protection, women’s rights, to engage them towards building positive energies.

We work on training children with life skills. We facilitate, conduct, and encourage children and our team for perspective building.

We send children to various cultural activities, outings, awareness campaigns on child rights, children education, girl child issues, violence against women, gender equality, PNDD, ACTS, Fundamental rights, caste class discrimination, environmental protection, energy saving, hygiene, and health issues.

Our Vulnerability criteria:

1. Girl children who are neglected by the parents because of the gender discrimination. 2. Children of those mothers who face domestic violence. 3. Children who face violence from fathers. 4. Children who are migrated because of their parent’s livelihood. 5. Children who are in begging. 6. Children who face abuse because of adultery. 7. Children of sex workers (they openly do not say that). 8. Children of daily wage laborers. 9. Children who are vulnerable towards sexual abuse by their own family members and neighborhood. 10. Children from homeless families. 11. Children who are coming from unregistered occupied habitations. 12. Children from economically background. 13. Children from alcohol addiction families. 14. Children lose parents in accidents, hazardous workplace etc. 15. Children whose parents are doing housekeeping work. 16. Children who have only guardians. 17. Children who are never enrolled. 18. Children who are school dropouts.

PARTNERS FOR RUNNING OUR HOMES

We are glad to get associated with School education department, Govt. of Telangana for the sake of making use of Govt. Buildings.

Sannihita Director's Message

Sannihita is keenly hearing too many women and children about their lives pertaining to their caste, creed and religion. The identical issues with most of them is about their discrete sufferings due to the domestic violence they undergo in their families. Most of them are physical and emotional. In this regard, as an effort in getting the needed justice, fewer times they may not become successful. Eventually, they will be either resorting to women NGOs or remain as silent sufferers. In many instances they expect their spouse cooperation in their process of home making.

To counter the issues of domestic violence and sexual abuses, Sannihita stood as a wall of defense for all the women in need, resisting the social, political and economic stress in the society. We deal with their problems in Human rights perspective with the support of the Government Authorities, Police and with Psychology experts. We struggle to safe guard and implement the rights of the children and women, continuously.

V. Usharani
Director, Sannihita.

5.1. Key Challenges and Resolution

Table 8:

S. No	Key challenges faced by Organization	Strategies applied to overcome the Challenges
1	Identification of children was a task and children were not able to connect to our mobilizers and admission in home and school was very difficult.	Met them through their peer groups, relatives and friends helped us to reach out children those were scattered.
2	The children P. Rajeshwari- 10 th class and P. Srijarani- 8 th class not used to show interest in their studies. They used to show low academic performance. Creating interest in the children towards education is most challenging.	We have given counseling and motivated the child by explaining them the difference between how the life will be by attaining education and by not attaining education.
3	As the home is located in the government school, the school teachers keep expecting to get some services/provisions from the home. They also keep complaining on the internal team to the director V. Usha Rani regarding every minute mistake. They don't cooperate with the internal team and in turn they expect us to take classes to the school children during the school working hours.	The internal team is doing their best to maintain good rapport with the school teachers.
4	It is mandatory to maintain the child's legal entitlements in the home. Whenever the parents / guardians come to the home to visit the child, the internal team kept asking them to submit the child's D.O.B certificate, aadhaar card, caste certificate etc. but some parents / guardians have not submitted the documents and they tend to question the internal team by saying that why should they submit the legal documents.	Internal team has created awareness among such parents / guardians by saying that Child Welfare Committee has made it mandatory to submit the child legal entitlements in CCI's to secure the child's admission in the home.
5	<ul style="list-style-type: none"> - As the aadhar card has become very important in this upgrading society, we are facing major challenge in getting few children aadhar cards where their parent / guardians have failed to submit in the home due to the technical reasons. - The school teachers and Child Welfare Committee has made the child aadhar 	The parents / guardians are not taking the responsibility of getting the adhar cards. But the adhar is mandatory to a child for sustaining her admission in the school. By understanding the emergency of the situation, our home team has taken up this challenge of getting the adhar cards done. Firstly, the team has identified the post offices where the

Shruthi and S. Nagalaxmi'sadhar card. More two children M. Rajeshwari and M. Veeramma'saadhar card is yet to be done. In getting the adhar process our team has faced many challenges.</p>	<p>adhar card services are available. Went to the post office and filled the new adhar card application for the children. Even after many attempts M. Veeramma and M. Rajeshwari'sadhar application is getting rejected. Later, we got M. Rajeshwariaadhaar card in anaadhaar service center.</p>

5.3. Education and Mentoring

5.3.1. Remedial Coaching:

Remedial coaching classes were taken to the children who are weak in the academics. Every day the session was conducted to those children after they come from the school.

1. The child P. Surekha was very poor in her academics. Initially she didn't show any interest towards education. During the 2nd quarter by taking remedial coaching and study hours the child has developed a lot. Now she is showing good performance in the slip tests that she not used to perform good in the past. Currently the child is studying 4th class.
2. The child P. Srijarani was very poor in her academics. During the 2nd quarter by taking remedial coaching and study hours the child has developed a lot. Now she is showing good performance in the slip tests that she not used to perform good in the past. Currently the child is studying 8th class. In the parent teachers meeting that happened in September 2022, the school teachers have given positivefeedback regarding the child's academic performance.

3. The children 1st class- D. Durgabhavani, 2nd class- K. Ravalika, 3rd class- M. Neelamma and 4th class- P. Surekha have got good marks in the Summative Assessment Exam- 1 that was conducted in November 2022. The below are the few pictures of the Balasabha meetings. In the pictures, the Home Management Coordinator has conducted the meeting.

5.5. Food & Nutrition

5.5.1. Nutritious Care:

Providing Nutrition food care to the children is the main aspect in the home. Menu is prepared according to the children's tastes, ideas and suggestions of home mothers as per the market value and season wise. Menu is very important as the child's physical and mental health reflects on it. Project in-charge explains about healthy food that contains right amount of nutrients to keep our children's body fit. Our children need healthy food very delicious as opposed to popular thinking. As it is a pandemic time more care is taken towards the children in improving their immunity by providing healthy foods. We have engaged the children in adapting good eating habits so that our future generations will be healthy and fit. The Home team explains about the nutritional values present in the food and then explains the children about their amount of nutrition intake.

5.5.2. Preparation of Menu

There is a food committee in the home. This committee consists of 4 members. One is the main leader and other 3 are committee members. This committee will conduct a meeting with the fellow children, will know about their likes and dislikes, health conditions as well with respect to food habits and prepare a nutritious menu list according their preferences. This committee holds

the responsibility of monitoring the food quality and quantity daily. If any adulteration is done the committee head will be responsible to inform the same to the home coordinator. A menu list is prepared in advance and the cooking is done according to that list. Providing nutritious food is provided to the children, for their healthy growth is the primary objective of the committee.

F. Books & Stationery distribution: Books and stationery were provided whenever required by the children.

***Note:** The team takes the signature of the children in the **Children Stock Issue Register** before distributing the kits.

6.1.2. Kits distributed to the outside children:

The children who are studying in other government residential schools like Gurukul, KGBVs etc. get the support from Sannihita. We have provided the required materials to those children. The below are the few photographs:

On 21/10/2022 the child **K. Anuradha** has completed **10th** and is staying with her guardians. We have provided her with the essential items.

On 12/1/2023 the children **CH.Padma** and **CH. Nandini** have received the required materials from the home.

6.1.3. Sanitation & Cleanliness:

Sanitation was done on a regular basis in the home to keep the environment healthy and well maintained for the children. A RO water purifier was available in the home to provide safe and quality drinking water to the children. This RO will be serviced every year.

Children have adapted the behavior of washing hands regularly and are maintaining good hygiene and surroundings.

For maintaining the self-image and self-confidence children have habituated to keep self and surroundings hygiene.

6.2. Repair & Maintenance

1. Sink repair: The sink connection was provided with the water tap. Cement flooring was also done to maintain the slope to avoid the water clogging on the floor.

2. Plumbing work: Plumbing work was done to provide connection from the water tank to the RO water purifier to provide safe drinking water to the children.

3. In the month of February, drainage manhole has overflowed. This caused inconvenience to the children in the home. We have deployed a person and made him to clean the drainage. Now there is a clear drainage system without any overflow.

4. On the terrace, the existing water tank was leaking. Due to the leakage, we had to face the shortage of drinking water. So we have bought a new water tank and installed it on the terrace. Now the children and staff are having enough drinking water.
