1. Introduction to Sannihita

Sannihita is a Non-Profit organization and a women headed autonomous organization. Sannihita Center for Women & Girl Children Society was established in the year 2000. We have worked with urban poor women, on issues of gender discrimination, poverty-violence, displacement, shelter, street food and housing rights.

Vision:

Creating and developing a peaceful platform which ensures peace to the world, nation and to an individual irrespective of their caste, creed, religion and gender. Every individual must be able to exercise complete freedom and must enjoy pride & privilege of food, health and shelter. Make a society of children with the world of joy, by ensuring a violence free society transforming into a good nation and eventually to a good world.

Mission:

- To create and enrich platforms by identifying the required various resources.
- To extend a legal aid to the identified groups of deprived women and children in unorganized sectors.
- To create a harmonious life space for women, children and vulnerable communities.

Aims & Objectives:

- To support poor women and girls
- To increase awareness and means of combating violence and discrimination against women and girls in the society.
- To facilitate Technical Training for adolescent girl children in various trades and professions
- To provide information about livelihood opportunities and educational programs for poor women and children
- Focused approach to initiate programs on women's right to shelter housing
- To enable the community to gain access to health care, education, information, legal aid, campaign and activities towards gender based issues.
- To help women & children explore and develop their creativity
- Conduct/ participate in community-based research and advocacy based studies on relevant issues
- Advocacy towards public policy and peoples centered.

Our History:

- Worked on issues of women's rights, gender equality, self-help groups, poverty, homelessness, street children, girl child education, housing rights and campaigning against violence on women and girl children. Conducted studies on dalith, minority and reproductive rights of women. Also conducted studies on street vendors.
- From 2000 to 2003, we have provided free basti counseling centers, bastipanchayats and free legal aid and counseling for women.

- From 2000 to 2003, we have conducted surveys on the homelessness
- From 2007 to 2009, worked with SarvaSikshaAbhiyan on Non-Residential Bridge Course (special training centers). We have run 6 N-RSTC (Non- Residential Special Training Center).
- In the year 2009 to 2012, we got permission from the state education department and Sarva Siksha Abhiyan and implemented RSTC scheme within the schools
- From 2009 to 2013, we have conducted studies on the street food and organized State & National street food festival. Sannihita is the first organization to work with women street food vendors and conducted street food festival at National level.

Activities:

2000:

- Provided counseling centers for the adolescent children in five basthies on livelihood.

2001 to 2007:

- Counseled women on domestic violence issues. Around 2000 women were covered.
- Conducted surveys and studies on homelessness in Hyderabad district. Covered around 50,000 people in this survey.
- Conducted studies on poverty, women's reproductive health, livelihood, adult literacy, self-help groups, rehabilitation policy and housing rights issues.
- Participated and conducted National level workshops on shelter and housing rights issues (Worked with organizations like National Housing Rights Movement).
- Done advocacy for women's housing rights and shelter needs.
- Conducted and organized women's rights campaigns on Violence against women, in united Andhra Pradesh.

2003 to 2009:

- Conducted, coordinated and promoted the Sixteen days of activism program, through the network of AMAN Domestic violence group. It is a state, national and international wide program.

2007:

- Started working on street children's education and shelter programs.
- Conducted NRBC'S (Non – Residential Bridge Course) with the help of SSA (Sarva Shiksha Abhiyan)

2009 to 2022:

- We have started homes for orphans, semi-orphans, homeless children and distress children especially for girls in 2009 and for boys in 2012 in government schools to give the access to the right to shelter, food, and education, health to ensure protection and emotional care to the children. We have raised around 600 children. Our other activities are providing security to

the children, mainstreaming them to the schools, KGBV'S and Gurukuls, conducting health camps, taking children for the outings etc.

2022:

- We have established ‘‘Sannihita Shelter for Patient’s Attendants’’ in Government Maternity Hospital, Koti as we proceeding towards the women health issues.
- We have been campaigning on POSCH Committees and women rights.

2. Sannihita Homes

We are presently running three Girls homes and one Boys home with around 350 children, who are from vulnerable communities from the age group of 7 years to 18 years. We also help our elder children as per their actions and aspirations. We are in the mission of providing these children shelter, food, education, health care and Protection.

We encourage these children to take shelter in the running government schools where there is no strength of children but have rooms that can accommodate children. We motivate our children to get disciplined to go to school. We provide various kinds of skills to make them empowered. We facilitate mentoring. We expose these children to various social issues like gender equality, environment protection, women’s rights, to engage them towards building positive energies.

We work on training children with life skills. We facilitate, conduct, and encourage children and our team for perspective building.

We send children to various cultural activities, outings, awareness campaigns on child rights, children education, girl child issues, violence against women, gender equality, PNDT, ACTS, Fundamental rights, caste class discrimination, environmental protection, energy saving, hygiene, and health issues.

Our Vulnerability criteria:

Children of age group 6 to 22 years, children without both parents, children without single parent (mother or father), children without any care or guardian, children with parents but homeless, children who never enrolled in the schools, children working as domestic labor, children who face abusive parents and guardians, children in begging (from begging professional families, poverty, homeless, banjarans etc.), children from rag picking and homeless and children from families migrated and live on daily wages, families from un-assured and insufficient income.

PARTNERS FOR RUNNING OUR HOMES

We are glad to get associated with School education department, Govt. of Telangana for the sake of making use of Govt. Buildings.

Sannihita Director's Message

Sannihita is keenly hearing too many women and children about their lives pertaining to their caste, creed and religion. The identical issues with most of them is about their discrete sufferings due to the domestic violence they undergo in their families. Most of them are physical and emotional. In this regard, as an effort in getting the needed justice, fewer times they may not become successful. Eventually, they will be either resorting to women NGOs or remain as silent sufferers. In many instances they expect their spouse cooperation in their process of home making.

To counter the issues of domestic violence and sexual abuses, Sannihita stood as a wall of defense for all the women in need, resisting the social, political and economic stress in the society. We deal with their problems in Human rights perspective with the support of the Government Authorities, Police and with Psychology experts. We struggle to safe guard and implement the rights of the children and women, continuously.

V. Usharani,
Director, Sannihita.

5.1. Key Challenges and Resolution

Table 7:

S. No	Key challenges faced by Organization	Strategies applied to overcome the Challenges
1	Identification of the children was the major challenge for our social mobilizer as it was a pandemic period.	Approached the peer groups, families and knew about the children who are leading under-privileged life. C. Rajeshwari- Social Mobilizer has contacted the basti leaders, anganwadi teachers and other sources to identify the children who are in need.
2	During the lockdown, all the children had to be stayed in the home round the clock. During that period, some children have got fever, cold, cough and other small health issues. At that time we have faced challenge in taking the children to the hospitals which is not safe as it gets the exposure to outer world where corona virus was prevailing.	The director has deployed a driver who will be available on the call. By using this facility, during the semi lockdown period we have taken the children to the hospital and provided the medicines and ensured that all the children were healthy.
3	In our home 17 children have got COVID positive at different times. As all the children are sharing the same premises, we have faced the major challenge in safeguarding the remaining children's health.	<ul style="list-style-type: none"> - We have kept the COVID positive children in quarantine and made sure that they are not sharing the premises / utensils etc. with other children. - Our health worker has provided those children with the required medications and healthy food. - Made the children to drink turmeric milk daily two times. - By providing all the care and attention after 20 days the children have got COVID negative.
4	Engaging the children in the educational activities was a major challenge. As the schools have got shut down, there was a chance among the children in forgetting their lessons and syllabus.	The tuition teacher has conducted the classes for the children during the semi lockdown period. This helped the children in retaining their education. In the absence of the tuition teacher, the home residential team has taken the study classes for the children.
5	Children have become elderly and they prefer private hostels instead of government accommodation.	We are in the search of a safer place for the children's accommodation.

6	As some of the children are non-local getting their birth certificates, income certificates and caste certificates is one of the top most challenges being faced	One of the staff is specially recruited to take over the job of getting certificates.

5.3. Education on Mentoring

5.3.1. Bridge Course:

1. Riya Ram Dyal has joined the home on 29 May, 2021. The internal team has given bridge course for the period of 3 months and taught the basics. After completing the bridge course, the internal team has joined the child in 1st class.

2. Gowamma has joined the home on 24/12/2021. Bridge course was given for a period of 3 months. In the course the child was taught English letters, maths numbers and other fundamental basics. After completing the course the child was joined in 1st class.

3. P. Sharanya has joined the home on 16/7/2021. Bridge course was given for a period of 3 months. Child was taught the basics and after completing the course child was joined in 1st class.

5.3.2. Remedial Coaching:

Special remedial classes were held by the volunteers specialized in subjects. As well as, our home remedial coaching teacher has also taken classes 'for the primary and high school children. Children were grouped according to their classes and after school the children who are weak in specific subjects' special classes were taken for them.

The child Disha has joined the home on 6 May, 2021. The child has never enrolled in the school before joining the home. The child was not able to identify the letters and numbers; she was not even talking to the fellow children and to the team. Our team has facilitated the child, created a comfort environment for her. Our teacher has taken classes and engaged the child in fun learning activities. After many classes, the child has learned the basic and now she is able to identify the letters and numbers.

5.5. Food & Nutrition

5.5.1. Nutritious Care:

Providing Nutrition food care to the children is the main aspect in the home. Menu is prepared according to the children's tastes, ideas and suggestions of home mothers as per the market value and season wise. Menu is very important as the child's physical and mental health reflects on it. Project in-charge explains about healthy food that contains right amount of nutrients to keep our children's body fit. Our children need healthy food very delicious as opposed to popular thinking. As it is a pandemic time more care is taken towards the children in improving their immunity by providing healthy foods. We have engaged the children in adapting good eating habits so that our future generations will be healthy and fit. The Home team explains about the nutritional values present in the food and then explains the children about their amount of nutrition intake.

5.5.2. Preparation of Menu

There is a food committee in the home. This committee consists of 5 members. One is the main leader and other 4 are committee members. This committee will conduct a meeting with the fellow children, will know about their likes and dislikes, health conditions as well with respect to food habits and prepare a nutritious menu list according their preferences. This committee holds the responsibility of monitoring the food quality and quantity daily. If any adulteration is done the committee head will be responsible to inform the same to the home coordinator. A menu list is prepared in advance and the cooking is done according to that list. Providing nutritious food is provided to the children, for their healthy growth is the primary objective of the committee.
