## 1. Introduction to Sannihita.

**Sannihita is a Non-Profit organization and a women headed autonomous organization. Sannihita Center for Women & Girl Children Society was established in the year 2000. We have worked with urban poor women, on issues of gender discrimination, poverty-violence, displacement, shelter, street food and housing rights.**

### **Vision:**

Creating and developing a peaceful platform which ensures peace to the world, nation and to an individual irrespective of their caste, creed, religion and gender. Every individual must be able to exercise complete freedom and must enjoy pride & privilege of food, health and shelter. Make a society of children with the world of joy, by ensuring a violence free society transforming into a good nation and eventually to a good world.

### **Mission:**

- To create and enrich platforms by identifying the required various resources.
- To extend a legal aid to the identified groups of deprived women and children in unorganized sectors.
- To create a harmonious life space for women, children and vulnerable communities.

### **Aims & Objectives:**

- To support poor women and girls
- To increase awareness and means of combating violence and discrimination against women and girls in the society.
- To facilitate Technical Training for adolescent girl children in various trades and professions
- To provide information about livelihood opportunities and educational programs for poor women and children
- Focused approach to initiate programs on women's right to shelter housing
- To enable the community to gain access to health care, education, information, legal aid, campaign and activities towards gender based issues.
- To help women & children explore and develop their creativity
- Conduct/ participate in community-based research and advocacy based studies on relevant issues
- Advocacy towards public policy and peoples centered.

### **Our History:**

- Worked on issues of women's rights, gender equality, self-help groups, poverty, homelessness, street children, girl child education, housing rights and campaigning against violence on women and girl children. Conducted studies on dalith, minority and reproductive rights of women. Also conducted studies on street vendors.
- From 2000 to 2003, we have provided free basti counseling centers, basti panchayats and free legal aid and counseling for women.
- From 2000 to 2003, we have conducted surveys on the homelessness

- From 2007 to 2009, worked with Sarva Siksha Abhiyan on Non-Residential Bridge Course (special training centers). We have run 6 N-RSTC (Non- Residential Special Training Center).
- In the year 2009 to 2012, we got permission from the state education department and Sarva Siksha Abhiyan and implemented RSTC scheme within the schools
- From 2009 to 2013, we have conducted studies on the street food and organized State & National street food festival. Sannihita is the first organization to work with women street food vendors and conducted street food festival at National level.

## **Activities:**

### **2000:**

- Provided counseling centers for the adolescent children in five basthies on livelihood.

### **2001 to 2007:**

- Counseled women on domestic violence issues. Around 2000 women were covered.
- Conducted surveys and studies on homelessness in Hyderabad district. Covered around 50,000 people in this survey.
- Conducted studies on poverty, women's reproductive health, livelihood, adult literacy, self-help groups, rehabilitation policy and housing rights issues.
- Participated and conducted National level workshops on shelter and housing rights issues (Worked with organizations like National Housing Rights Movement).
- Done advocacy for women's housing rights and shelter needs.
- Conducted and organized women's rights campaigns on Violence against women, in united Andhra Pradesh.

### **2003 to 2009:**

- Started working on street children's education and shelter programs.
- Conducted NRBC'S (Non – Residential Bridge Course) with the help of SSA (Sarva Shiksha Abhiyan).

### **2009 to 2022:**

- We have started homes for orphans, semi-orphans, homeless children and distress children especially for girls in 2009 and for boys in 2012 in government schools to give the access to the right to shelter, food, and education, health to ensure protection and emotional care to the children. We have raised around 600 children. Our other activities are providing security to the children, mainstreaming them to the schools, KGBV'S and Gurukuls, conducting health camps, taking children for the outings etc.

### **2022:**

- We have established ‘‘Sannihita Shelter for Patient’s Attendants’’ in Government Maternity Hospital, Koti as we proceeding towards the women health issues.
- We have been campaigning on POSCH Committees and women rights.

## 2. Sannihita Homes.

We are presently running three Girls homes and one Boys home with around 350 children, who are from vulnerable communities from the age group of 7 years to 18 years. We also help our elder children as per their actions and aspirations. We are in the mission of providing these children shelter, food, education, health care and Protection.

We encourage these children to take shelter in the running government schools where there is no strength of children but have rooms that can accommodate children. We motivate our children to get disciplined to go to school. We provide various kinds of skills to make them empowered. We facilitate mentoring. We expose these children to various social issues like gender equality, environment protection, women’s rights, to engage them towards building positive energies.

We work on training children with life skills. We facilitate, conduct, and encourage children and our team for perspective building.

We send children to various cultural activities, outings, awareness campaigns on child rights, children education, girl child issues, violence against women, gender equality, PNDD, ACTS, Fundamental rights, caste class discrimination, environmental protection, energy saving, hygiene, and health issues.

### **Our Vulnerability criteria:**

1. Girl children who are neglected by the parents because of the gender discrimination.
2. Children of those mothers who face domestic violence.
3. Children who face violence from fathers.
4. Children who are migrated because of their parent’s livelihood.
5. Children who are in begging.
6. Children who face abuse because of adultery.
7. Children of sex workers (they openly do not say that).
8. Children of daily wage laborers.
9. Children who are vulnerable towards sexual abuse by their own family members and neighborhood.
10. Children from homeless families.
11. Children who are coming from unregistered occupied habitations.
12. Children from economically background.
13. Children from alcohol addiction families.
14. Children lose parents in accidents, hazardous workplace etc.
15. Children whose parents are doing housekeeping work.
16. Children who have only guardians.
17. Children who are never enrolled.
18. Children who are school dropouts.

## **PARTNERS FOR RUNNING OUR HOMES**

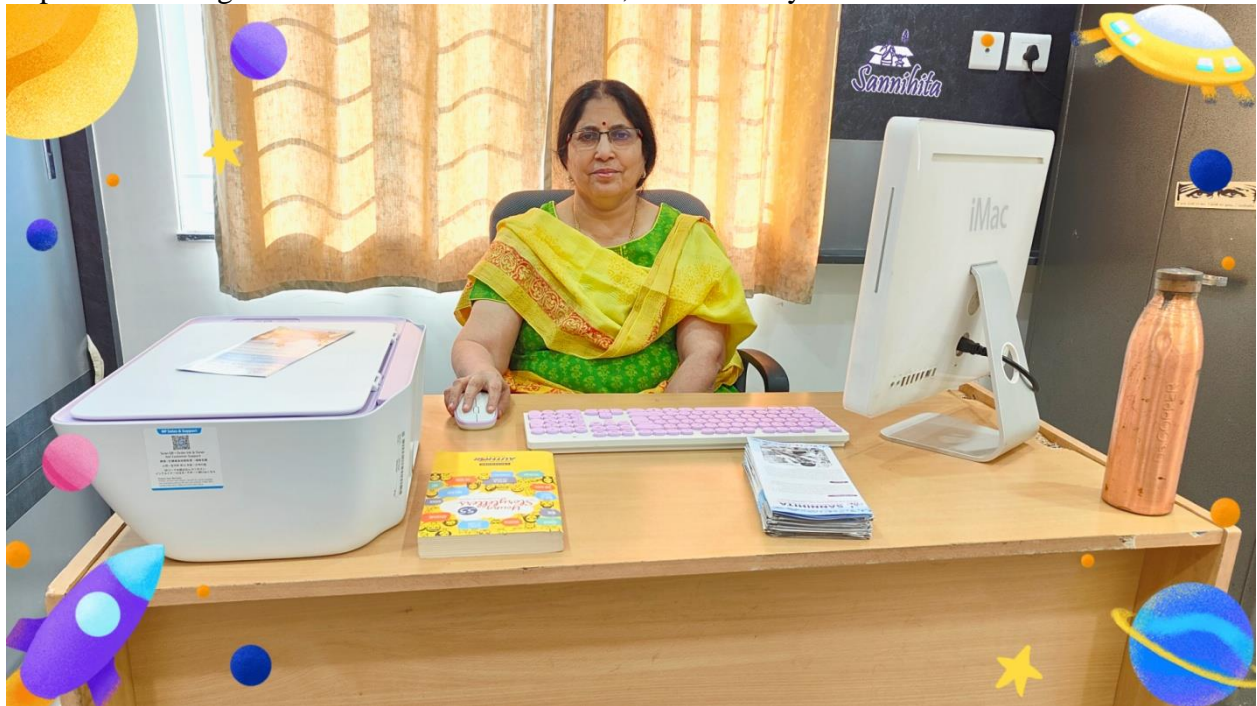

We are glad to get associated with School education department, Govt. of Telangana for the sake of making use of Govt. Buildings.

### **Sannihita Director's Message**

Sannihita is keenly hearing too many women and children about their lives pertaining to their caste, creed and religion. The identical issues with most of them is about their discrete sufferings due to the domestic violence they undergo in their families. Most of them are physical and emotional. In this regard, as an effort in getting the needed justice, fewer times they may not become successful. Eventually, they will be either resorting to women NGOs or remain as silent sufferers. In many instances they expect their spouse cooperation in their process of home making.

To counter the issues of domestic violence and sexual abuses, Sannihita stood as a wall of defense for all the women in need, resisting the social, political and economic stress in the society. We deal with their problems in Human rights perspective with the support of the Government Authorities, Police and with Psychology experts. We struggle to safe guard and implement the rights of the children and women, continuously.

**V. Usha Rani,**  
Director, Sannihita.

### 3. Sannihita Girls Home- Tukaram Gate.

**Sannihita Girls Home – Tukaram Gate**

**Sannihita Girls Home- Tukaram Gate was established in 2009 with 7 kids. Till the reporting year 297 children have got benefited.**

**Home Address:** H. No: 10-5-342/55/1, Government Primary School, Tukaram Gate, Secunderabad- 500003.

This home has started in Risalabazaar, Bolarum in 2009 July and continued their till 2011 Feb 23<sup>rd</sup>, but because of various problems we had to shift the home to Tukaram Gate Girls primary school in the year 2011 on Feb 24<sup>th</sup>. The permission to run homes for children was granted by then collector Sri. Naveen Mittal, and education departments to run RSTC in Govt. School buildings where ever the children were less and the rooms were empty. The program also was initiated and supported by Partnership Foundation through Sannihita FCRA.

The program was initiated with the help of Govt. Education department, by providing shelter, education, and one time meal. The program, scheme SSA (Sarva Shiksha Abhyayan) was implemented from 2009 to 2012 but every year the new children also were accommodated. After 2013 RSTC scheme was not revoked even after the emergence of the new state Telangana.

Sannihita is one of the Founder members and initiated the process of starting homes to all NGO partners in the network by routing funds of FCRA from Partnership Foundation for one year with its registration and launched the education shelter food mission to build the future generation with empowered responsible citizens from a helpless, homeless child.

In the process we raise mobilize various resources like volunteers for education, conduct health camps with hospitals, and private health institutes. Our homes and children are attached to govt. hospitals.

Our children participate in functioning of the home in hygiene maintenance, and day to day activities. We run our programs, and homes with certain values, principles, and rules. We are

aware and conscious of JJ ACT, POCSO and its rules. We divide children into various committees, clubs, houses and three sister groups. We have records, Assembly, prayer and conduct Bala Sabhas, Children Committees, progress reports, newsletters, updates, records, child career plans, and achievements.

We have Child Protection Policy, and operating systems that are facilitated by home management team.

We have a Social audit group where our home is open to the monitoring by our donors, and stake holders from the govt. departments. (Police, NCLP, CWC, Women and Children welfare department, Civil Supplies, special branch, and education department, also women and child)

We run these homes with principles of non-negotiable where “discrimination and abuse is taken as a serious violation of child rights”, - 1. Team should sign the CPC; protection law 2.Children should not be beaten by teachers, team and elder children, 3. Children are never denied about food nor punished in this context 4. Children should never be asked to leave the home as a punishment. 5. Children should not be discriminated in the name of religion caste, class and gender.

We maintain registers, we follow the program through child to child plan where the program of every girl who belongs to this home is planned, which is called as a golden circle, and long term plan. Child to child plan, documentation of her development is discussed, understood, and recorded thoroughly. The various levels of reporting systems, financial systems are in place. We audit the cash and kind donations yearly to the Income tax department and to the FCRA (Ministry of Home Affairs.)

We have all legal systems in place. We have Certificate license from Women and Child Welfare department. The Strength of the home is – 60. Age group is 7 to 18. Children are studying from 2<sup>nd</sup> class to Inter 1<sup>st</sup> year.

We mainstream and connect the children to various govt. education institutions, hostels, to facilitate the govt. resources for marginalized uncared communities. We give proper thorough life skills training programs to the girls and team. After this after three or four years we connect the children to other agencies, follow up, care attention is still extended. We fill that place with new entries.

## 5.1. Key Challenges and Resolutions.

**Table- 7:**

<b>S. No.</b>	<b>Key challenges faced by the organization</b>	<b>Strategies applied to overcome the Challenges</b>
1	Identification of the underprivileged children and providing them admissions in the school was the tough task to the team.	We have done the outreach programs in the urban slums.
2	3 Children were not interested in studies. They have become stubborn and did not like to go to the school.	The child counsellor has given counselling to those children. After giving many sessions those children have developed interest in studies. Among them one child is 10 <sup>th</sup> class. She has passed her board examinations with good grade.
3	The children B. Archana- 8 <sup>th</sup> , M. Archana- 8 <sup>th</sup> , M. Sangeetha- 7 <sup>th</sup> , Saba Fathima- 7 <sup>th</sup> , A. Srividhya- 8 <sup>th</sup> and D. Saritha- 8 <sup>th</sup> do not attend the study hours. When the internal team asks them to attend the study hour they tend to do reverse questioning with the home team.	Counseling and motivation was provided to those children.
4	Some children when they were asked to speak on the stage during the programs they are not able to express themselves due to stage fear.	The internal team has provided speeches for those children and trained them to speak in front of the children. Tried to get rid of the stage fear in the children with the above said activities.
5	5 children are not attending the study hours. During the time of study hours, they are going on the terrace and spending their time in other activities. Even though the internal team has backed them to attend the study hours they did not tend to attend and kept wasting the time in other activities.	We have arranged the individual counseling sessions for those children by the child counselor.
6	The child M. Archana always escapes from going to the school. In a week, she bunks the school for about 2 to 3 days. She keeps telling the silly reasons like she is not having school shoes, belt, uniform etc. and tends to stay in the home without going to the school. Sometimes she also gives reasons like back pain, head ache and period cramps. Ultimately the child's intention will be to bunk the school and stay in the home.	The internal team has motivated the child to go to the school regularly to attain the quality education. Whenever she says that she is not having uniform / belt / shoes to go to the school, the internal team has provided that required item. For period cramps. The internal team has created awareness in the child by saying that the period cramps are common to every adolescent girl. Extra care is given to the child to strengthen her health.

7	The school Head Mistress has been repeatedly asking us to join more number of children in the school in order to increase their class strength.	To overcome this challenge our social mobilizer is been encouraged to mobilize as many children as possible from various pockets of their assigned territory.
8	In October, the child A. Arthis's mother A. Swapna has come to the home to take the child on short leave. At that time, mother was fully drunk and forced the internal team to send the child along with her. But the internal team has denied sending the child with her as it is not safe for the child. Internal team faces these types of situations with few parents. In such circumstances, a female security person cannot handle the parent/s and it becomes a challenge for the team to deal with such cases.	Internal team has warned the mother not to visit the home in such drunken state as it shows negative impact on the children. Internal team said to the mother not to take the child home and spoil her education. We said that the child is getting all the provisions and required services in the home, so there is no need to the parent to worry about the child and her living.

### 5.3. Education and Mentoring:

#### 5.3.1: Bridge Courses

In this reporting year, we have 11 new admissions. Among them, we have given the bridge course to two children CH. Laxmi and CH. Jyothi. We have done the education assessment and joined the remaining 9 children in the school as they knew the basics.

The remedial coaching teacher has taught the basics like alphabets, numbers, tables etc to the children CH. Laxmi and CH. Jyothi for a period of one week. After the completion of one week bridge course, the teacher has done the assessment and joined them in age appropriate class in the GCPES, Chilkalguda – 2.

#### 5.3.2: Remedial Coaching

Remedial Coaching was given for the children who are low in their academics. The below mentioned is the outcome of the remedial coaching.

- N. Ashwini – 7<sup>th</sup> class. The child was very poor in her academics. She even doesn't know the letter identification. The teacher has taken the classes for the child and improved the

basics by conducting the fun learning activities. After taking the continuous classes for a period of 6 months, the child was able to do the letter identification.

- K. Arthi – 7<sup>th</sup> class. The child is not able to do the textbook reading in Telugu and English languages. The teacher has made the child to read one page daily in the study hour and made the child to practice the textbook reading. After doing the practice for a period of 3 months, now the child is able to do the textbook reading in both English and Telugu languages.
- V. Pavani – 4<sup>th</sup> class. The child was a long absent student. She has returned to the home in July, 2022. Before going on the long leave, she was good in her academics. During the leave period she has forgotten the basics and textbook reading. When she has returned to the home, the teacher has again taught her the basics and given the text book reading practice. After doing the practice for about 2 months, the child has regained her knowledge and now she is able to do the textbook reading.

## 5.5. Food & Nutrition

### 5.5.1. Nutritious Care:

Providing Nutrition food care to the children is the main aspect in the home. Menu is prepared according to the children's tastes, ideas and suggestions of home mothers as per the market value and season wise. Menu is very important as the child's physical and mental health reflects on it. Project in-charge explains about healthy food that contains right amount of nutrients to keep our children's body fit. Our children need healthy food very delicious as opposed to popular thinking. As it is a pandemic time more care is taken towards the children in improving their immunity by providing healthy foods. We have engaged the children in adapting good eating habits so that our future generations will be healthy and fit. The Home team explains about the nutritional values present in the food and then explains the children about their amount of nutrition intake.

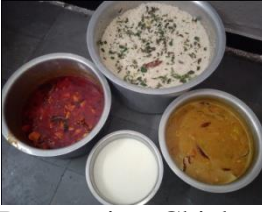

### 5.5.2. Preparation of Menu

There is a food committee in the home. This committee consists of 5 members. One is the main leader and other 4 are committee members. This committee will conduct a meeting with the fellow children, will know about their likes and dislikes, health conditions as well with respect to food habits and prepare a nutritious menu list according their preferences. This committee holds the responsibility of monitoring the food quality and quantity daily. If any adulteration is done the committee head will be responsible to inform the same to the home coordinator. A menu list is prepared in advance and the cooking is done according to that list. Providing nutritious food is provided to the children, for their healthy growth is the primary objective of the committee.

Other dignitaries **Ms. Anuradha- Sannihita Member, Ms. Syamala- Ex- CWC Chairperson, Ms. Mary Jones- Sannihita Child Counselor** etc. also have attended the program and have given valuable inputs to the children regarding the importance of education and their growth in this modern

society.

#### 6.3.4. Educational / Recreational Trips:

- **Microsoft office visit:** Microsoft has invited our children to their office. So, on 3/11/2022 the director V. Usha Rani madam has taken the children to the Microsoft office. After visiting the office, they have divided the children into 2 groups like primary class group and high class group. The office personnel have shown the 3D printing art to the primary children. The same was shown to the higher school children. Later distributed the gifts to the children as per their wish list.

- **“Hostel Life” Book Release Function:** On 20/11/2022, the children K. Sunitha, G. Likitha, A. Swapna, V. Gyaneshwari and D. Pooja have attended this function conducted in Sundarayya Kalakshethra, Bhaglingampally upon the invitation given by Ms. Sajaya madam, Social Activist. Our children have started the program by singing a song. Ms. Sajaya madam has explained the synopsis of her book and shared her experiences of hostel life with the children. She has given a message to the society to change the hostel life perspectives and provide quality food to the children in hostels.
- **Durgam Cheruvu:** The internal team has taken the children to Durgam Cheruvu to show The Cable Bridge to the children. There, children have played games like swings, chess and also played with the open gym equipment. In the evening, children have enjoyed the view of The Cable Bridge from the Durgam Cheruvu Park. Children have enjoyed the day and they felt like visiting the place again.

- **Botanical Garden:** The internal team has taken the children to The Botanical Garden located in Gachibowli- Miyapur Rd, near Kothagudem Forest Reserve, Hyderabad, Telangana. In the garden, children have enjoyed the views and knew about the different trees and plants. Children have clicked some pictures and enjoyed the day.
- **Book Fair:** The director V. Usha Rani madam has taken the children to the ‘Book Fair’ held in NTR stadium, Indira Park Road, Lower Tank Bund, Kavadiguda, Hyderabad. There, our children have met a social activist Ms. Sajaya. Ms. Sajaya has interacted with our children and explained about different books and authors that were placed in the stalls. Later she has introduced our children to some authors in person who came to the stalls. After completing the introductions, Ms. Sajaya has gifted some Telugu story books to our primary children. Children have received those books and left the place after some time.
